

Taziker is committed to its responsibility towards the environment and issues this policy as a statement of management and employee commitment to minimising the environmental impact of its business activities for the life cycle; (including disposal), of plant, equipment, and other physical assets under our control. To ensure effective management of its activities with the potential to affect the environment, Taziker commits itself to:

- To maintain the requirements of ISO 14001:2015
- Being aware of how its activities and services impact upon the environment and is committed to complying with relevant environmental legislation and regulations and to other requirements to which the organisation subscribes.
- Continual improvement of its environmental performance by building environmental considerations into its decision-making processes and methods of operation, to minimise environmental impact and prevent pollution.
- Setting and publishing a clear set of environmental objectives and targets to ensure continual improvement in its environmental performance and to monitor results to ensure that targets are met.
- Ensuring that all Taziker activities and services, giving rise to significant environmental effects, at all sites are covered by this policy and that the policy is implemented, maintained, and communicated to all employees.
- Communicating this policy and the environmental objectives to its customers and the general public.
- Requiring its suppliers and contractors to have a proper regard for the Taziker Environmental Policy for the goods and services they provide.

This policy will be reviewed annually.

Neil Harrison
